WHAT:

Andrea Schermoly's piece *Klein Perspectives* premiered in April 2018 as part of the 60th Anniversary Dance Festival Spring Program. Set to a quilt of classical music sewn together with a soundscape by Jonathan Denmark, her piece is a collection of movement vignettes inspired by the art works of Yves Klein. It is an exploration of emotional landscapes, mis/communication, and relationships with ourselves and others.

Andrea Schermoly's *Klein Perspectives* will premiere online and on Facebook on Friday, June 12 at 8:00pm CDT here: <https://kcballet.org/events/kc-ballet-on-demand-klein-perspectives/>. It will also be available to stream by Facebook and Vimeo. Online until Monday, June 15. Photos can be found [here](#).

Additional New Virtual Experiences include:
